

SEPTEMBER GARDEN CARE CHECKLIST

PLANTENANCE
LANDSCAPE GROUP

OUTDOOR PLANTS & TREES

- Add compost or manure to garden beds
- Fertilize your lawn
- Plant new trees and shrubs, 6 weeks before frost hits
- Plant spring flowering bulbs
- Continue watering trees and shrubs until the ground freezes
- Pull weeds before they go to seed (it will reduce the number of weeds come spring)

MOVE INDOORS

- Check houseplants for pests, then bring indoors before frost
- Bring in clay flower pots and ornaments
- Collect seeds and herbs to dry indoors

MISCELLANEOUS

- Cover water features with netting to collect falling leaves
- Clean bird feeders, gardening tools
- Relax and enjoy!
